

CITY OF SPRINGFIELD
INTER-OFFICE MEMORANDUM

ATTENTION OF _____ Memo to file

DATE September 13, 1977

DEPARTMENT _____

On Thursday, September 8, 1977, I observed a crew (Paul O. Johnson Construction Co.) removing a section of sanitary sewer line northwest of Battlefield and National Avenue. This sewer line serves Trotter's Restaurant, 1155 East Battlefield, and Rainey Veterinary Clinic, 2953 South National. I took pictures of the operation as the sewer line was being crushed and removed. I informed Wally Munden, Engineering Department, of the City of Springfield, of the situation. He in turn contacted Howard Wright, City Attorney.
